TECHNOLOGIES

- C++
- Java
- HTML
- SASS
- Bootstrap
- JavaScript
- Angular
- TypeScript
- PHP , SQL
- Laravel, MySQL
- Agile , Git
- Azure DevOps
- RESTful APIs

SKILLS

Problem Solving

protective attitude

solution oriented

Self-motivation

Team worker

Hard Working

EDUCATION

faculty of computers and artificial intelligence (CS department) Cairo University

10/2019 - 2023,

GPA 2.99

Most important courses

- Data Structure / Advanced Data Structure
- Database
- Software Engineering / Advanced SW
- Software Testing
- Machine Learning
- Algorithms
- OOP course
- Operating System / Advanced OS
- Compilers
- Data Analytics

EXPERIENCE

Front End Developer Intern (21 July 2022 - 31 September 2022)

- It was a 2 months internship at **Link Development** Company.
- In this internship I learned **Angular** framework and worked on a real project on it.
- Creating responsive web pages using bootstrap and SASS
- working on Adobe XD Designs and creating web similar pages
- working with Azure DevOps as our Version Control Tool
- <https://drive.google.com/file/d/14Zvoh1qemlKK2oOPMLE4Ac-p-7xV0T-oF/view?usp=sharing>

Software Engineer Intern (1 July 2022 - now)

- It was a 3 months internship at **NajahNow** Company.
- In this internship I learned **Laravel** as backend framework and worked project from scratch on it.
- Creating responsive web pages using bootstrap and SASS (Frontend)
- working with Git as our Version Control Tool
- this internship will end at 1 October.
- <https://drive.google.com/file/d/1tLp47FnWE0EMUIFhaLPAnTbmEhsvD98u/view?usp=sharing>
